# Chair Message

Despite many challenges in 2020, RADPAC still enjoyed great support and success. ACRA member contributions ensured that RADPAC's visibility and impact on Capitol Hill remained strong and played a critical role in our efforts to mitigate Medicare payment cuts starting in 2021. RADPAC's political efforts were equally effective - In 2020, RADPAC achieved 94% success in primary elections as 134 of the 142 candidates supported won and achieved 96% success in the general election where 78 of the 81 candidates supported won their races.

Although fundraising numbers were understandably down from previous years, RADPAC maintained its rank as the 4<sup>th</sup> largest physician PAC in the country. RADPAC also saw its highest percent of member participation within a state chapter since 2015 in Idaho, at 50%.

This is truly a team effort, and we truly appreciate your confidence in RADPAC to serve as the political voice of radiology.

With 2020 behind us, and work still ahead of us, we count on your continued support in 2021!

Jacqueline Bello, MD, FACR
